January 6, 2024

To whom it may concern,

I am writing to recommend Jim Stopinski for any future job endeavors. Jim joined my team as a Product Designer at Venminder in 2019. I was the Product Design Manager at the time and was his manager until my role transitioned to Director of Product in 2021.

Our professional relationship, however, dates back to 2009 when I worked alongside Jim at a previous organization as Interface Designers. Jim played a crucial role in mentoring me and significantly contributing to my career development during those formative years.

In his role as Senior Product Designer on my team, Jim was instrumental in the creation and presentation of designs to executive stakeholders. His ability to champion these designs through the development process showcases his deep understanding of both design principles and the product development lifecycle.

One of Jim's notable achievements was his role in maintaining a demo website used in Venminder's sales efforts. His dedication to ensuring the site's functionality and accuracy was crucial in showcasing our products to potential clients. This contribution underscores Jim's ability to handle responsibilities that have a direct and positive impact on the business.

I have the utmost confidence in Jim's abilities, and I believe he would be a tremendous asset to any organization. Jim's professionalism and strong collaborative spirit makes him a prime example of effective teamwork.

Should you have any further questions or require additional information, please do not hesitate to contact me at mary.colomb@venminder.com or 502-541-3214.

Sincerely,

Mary Colomb
Senior Director of Product
